## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2, 4, and 5 are rejected under 35 U.S.C. 102(b) as being anticipated by Aldrich (US 6,425,135). Aldrich discloses work clothes (100) including knee pads (10) that are easy attached to the knee portion thereof by an adhesive (13), col. 2, lines 26-35 and as shown in figures 1 and 3. Furthermore, it is inherent that the knee pads attached to the pants include no fasteners that are constrictive about the leg, which would cut off blood circulation.

### ***Claim Rejections - 35 USC § 103***

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claim 3 is rejected under 35 U.S.C. 103(a) as being unpatentable over Haigh (US 3,657,060).

Art Unit: 3765

Haigh discloses a pad (10) that is heat sealed to a garment (12), col. 4, lines 4-13 and as shown in figures 3 and 4. However, Haigh does not show that garment being workpants.

It would have been obvious to one skilled in the art at the time the invention was made to attach that pad of Haigh to any desired article of clothing such as workpants, shirt, etc depending on the particular application or end use thereof.

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to Applicant's disclosure.
